Meek is an Australian bathware design brand.
We believe in longevity and aim to create timeless
bathroom pieces that provide lasting beauty.

Our products are made by industry leading
companies. It is a privilege to work with our
manufacturing and production partners; they
are passionate and masters of their craft.

Meek believes in excellence.
We make bathware for people
who believe what we believe.

Meek is an Australian bathware design brand.

We believe in longevity and aim to create timeless bathroom pieces that provide lasting beauty.

Our products are designed in Melbourne and made with high integrity materials by local and international specialists.

It is a privilege to work with our manufacturing and production partners; they are passionate and masters of their crafts.

Meek believes in excellence. We make bathware for people who believe what we believe.

Materials

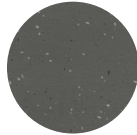

All our basins, baths and wood components are hand polished and finished to work in the bathroom. Our materials are chosen for appearance, strength and their ability to age with grace.

publishing and subject to change without notice.

The 2023 Milazzo collection

Milazzo is the result of our partnership with one of Australia's premier interior and product designers, Greg Natale.

For more than two decades Greg has brought his architecture and interior design expertise to the creation of sophisticated, unforgettable spaces.

His approach to design follows the principles of clean, rational modernism elevated with an alchemy of different inspirations and textural elements. The bold use of pattern and layering for which Greg Natale is known has become one of the practice's signature features.

Designed by Greg and created by Meek, these pieces are for those who appreciate iconic statements and true craftsmanship.

Milazzo

Inspired by the street furniture of Southern Italy, this collection pays homage to the iconic design era of the 1970s, merged with modern shapes in our signature Meek-Marble.

Milazzo bath

- Meekmarble™
- 1700 x 900 x 550mm
- Overflow or no overflow option
